In Transition – Transition Towns

Transition towns are sustainable, localized and equally focused on people and the environment in order to sustain themselves, ensure longevity and be resilient in the face of climate change, fossil fuel depletion and economic instabilities

IN TRANSITION

From oil dependence to local resilience

„In Transition’ is the first detailed film about the Transition movement filmed by those that know it best, those who are making it happen on the ground.”

Role of humanity in CC

Social resilience

- What is the role of humanity in climate change and in ecological changes?
- How can we live in harmony with nature in the future?
- What kind of circumstances are helping or hindering the social resilience?
- How education can contribute to transition?

Harmony with nature

Role of education in CC

**There is a great need of
environmental citizens in
Budapest and in
Hungary...**

**... but we don't know
exactly how to make it.**
